Event

## Enterprise Capture Systems, Distributed Capture & MFP/MFD Integration

Large organizations will deploy thousands of multi-function peripheral (MFP) devices throughout the enterprise. These devices may be from one manufacturer or several, depending on budget, purchasing processes and authority. During this presentation we will highlight multiple strategies for managing and integrating these devices within your current infrastructure.

### **Presentations Include:**

*MFP as the Onramp to productivity spotlights 2 of the largest US Financial Institutions*

Michelle Semple

Vice President Capture and FileNET/IBM Sales

ImageSource

*Swedish Medical Center – Electronic Health Records*

Wayne Marto
