This program is open to all professionals interested in learning about Enterprise Content Management (ECM).

AIIM NW Chapter PO Box 3651, Seattle WA 98124

The AIIM Northwest Chapter will host a presentation covering current trends and developments in applications of electronic capture. Within the growth and complexity of Enterprise Content Management, digital capture remains at the heart of effective business content solutions and provides efficient input and creation of electronic records and assets. Presentations by local experts from EMC Corporation, ImageSource, Xerox Global Services, Frontline Logic, and Canon will cover the structure and design of industry recognized capture solutions and provide attendees with an effective path forward and strategy in building digital capture solutions.

Please join us for an informative discussion on Capture methods and solutions used in both private sector and public sector applications.
